PROFESSIONAL EXPERIENCE

Forte di Bard, Bard, IT
Events, MICE and Services

2024 – present

End-to-end coordination of a broad portfolio of public and private events, spanning cultural festivals, concerts and live shows featuring international artists, theatrical productions, conferences, workshops, meetings, and incentive events.
Management of more than 30 events per season, in collaboration with multidisciplinary teams, suppliers, clients, and artists. Responsibilities include: concept development and strategic planning, budget supervision, logistical coordination, and the operational management of all event-related activities, including transfers, rooming lists, catering, and ancillary services, with on-site presence throughout event delivery. Strong focus on sustainability, experience quality, and audience engagement.

Involucra Agency, Turin, IT
Social Media Manager

2023 – 2024

Development of tailored communication strategies and social media campaigns for clients in the service, industrial, and food sectors, from strategic and conceptual planning to operational implementation. Management of social media through editorial calendars, creation of video content, graphics, and copywriting, with both organic and paid publishing. Performance improvement in terms of impressions, leads, and conversions, with a focus on engagement and visibility. Support in planning corporate events.

Club Silencio, Turin, IT
Social Media Assistant

2022

Promotion of over 25 events in museums and foundations across Northern Italy targeting the under-30 audience through the *A Night at the Museum* format. Management of the company's social media channels and development of digital content aimed at maximizing engagement, visibility, and attendance. Operational and logistical support provided during events.

JEBV, Verona, IT
Marketing and Communication Associate

2021 – 2022

Planning and development of integrated communication strategies for local companies, aimed at enhancing business activities and strengthening brand positioning.
